

Accesare gratuită a platformei "Statista" în luna iunie 2022

Accesul web din întreaga rețea universitară la adresa : <https://www.statista.com>

Biblioteca ULBS facilitează accesarea de probă pe tot parcursul lunii iunie a platformei specializate în date statistice.

Descrierea in limba engleza:

Statista is one of the world's largest statistics and market data platforms, popular because it fits today's way of working so well.

You can imagine a search engine that only reaches valid information from trusted sources, which's scale and appearance you can customize in many cases and implement into your workflow with a few clicks.

All content is displayed in a comprehensive manner and the platform allows for an intuitive navigation to focus on your research and nothing else.

Statista enables access to more than 1.5 million statistics, forecasts, dossiers, reports and infographics and our own survey on 80,000 topics from more than 22,500 sources

Puteti urmari materialul promotional aici: [statista promotional](#)

Statista is a “Must-Have Database
for Academic and Public Libraries”

according to the Library Journal.
