

IMPROVE YOUR GERMAN LANGUAGE SKILLS

With a heavy focus on an intensive German course, **Summer@Uni-Mainz** is sure to improve your language skills.

The International German Language School is offered every August to students of all disciplines and includes:

- An intensive German course for learners of all levels
- Specialist lectures
- Interdisciplinary workshops
- Intercultural trainings
- An extensive cultural program

Intensive German courses are also available for individual groups (e.g. students from the same home university) and can be tailored to their specific needs and individual wishes. Groups can also ask for specific timeslots outside of the regular Summer School periods to suit their personal preferences.

Furthermore, it is possible to enroll in thematic short courses offered by the university's different faculties during the whole year, ranging from the humanities to the natural sciences. While concentrating on the respective individual discipline, some of these courses are also complemented by a German language class.
