Join us for the International Conference on Applied Informatics, 17th to 19th May 2018, Sibiu, Romania

http://conferences.ulbsibiu.ro/icdd

The conference addresses mainly to bachelor and master students, PhD students and youth scholars from all over the world. The aim of the conference is to give the participants the opportunity to discuss and present their research on informatics and related fields (like computational algebra, numerical calculus, bioinformatics, etc.) and their results. The conference welcomes submissions of original papers on all aspects of informatics and related fields ranging from new concepts and theoretical developments to advanced technologies and innovative applications. Paper acceptance and publication will be judged on the basis of their relevance to the conference topics, clarity of presentation, originality and accuracy of the results and proposed solutions. The presentation has to include also a practical application. The official language of the conference is English.

Topics (Topics of interest include, but are not limited to)

Algorithms and data structures	Networking
Graph theory and applications	Grid computing
Formal languages and compilers	Mobile operating systems
Cryptography	Scientific computing
Modeling and simulation	Software engineering
Computer programming	Bioinformatics
Computer vision	Robotics
Computer graphics	Computer Architecture
Game design	Evolutionary Computing
Data mining	Multimedia Systems
Distributed computing	Internet Communication and Technologies
Artificial Intelligence	Web Applications
Service oriented applications
